

## Custom Boat Swim Platforms

---

### Welcome to Swim Platforms, Inc.

Swim Platforms, Inc. is the largest and most tenured builder of custom after-market fiberglass swim platforms in the world.

Our experienced crew at Swim Platforms builds platforms that give your boat a factory look while making boating much safer and more enjoyable.

My experience with your company was great. From ordering to delivery, you were right on. I even received my platform a day early. If anyone is afraid to order something like this off the internet, don't be. These folks build a quality product. I am sending pictures of my beautiful 246 Cobalt with platform installed. again for a VERY good experience.

Lee H., Selmer, Tn.

I've now had your swim platform on my 2000 190 Sea Ray Signature for a year and a half and it is by far the best and most used addition I've made to the boat. The additional room, the enhanced safety, and the easier access to the boat are all big plusses. In addition, the helpful service you all provided during the installation make me look back on this purchase as one of the

## About Swim Platforms, Inc.

When Scott Samuelson (SPI's founder) decided to design and build a swim platform for his own boat. The result was incredible, now there are several thousand very satisfied customers worldwide.

Scott's original idea was simple and the end result has turned out to be phenomenal. His determination of investing thousands hours of labor, 'tons' of money and recruiting an experienced and dedicated crew has developed into world renowned Swim Platforms Inc.

In 1976 Scott began working for Sea Ray Boats, Inc. He spent fifteen years at the Phoenix, AZ facility having various important and demanding positions. He moved on to Sea Ray dealerships gaining experience in sales, service and management over a nine year period.

Six of the employees, mostly from Sea Ray, tenure nets over 175 years of experience in: Quality Control, Assembly, Engineering, Customer Service, Fiberglass Repair, Gel Coat Repair, Design and Mold Construction, just to name a few of their positions. Their experience and dedication shows on a daily basis at Swim Platforms Inc.

The crew at swimplatforms.com has built a business supplying quality fiberglass Swim Platforms to the world and extending customers boating pleasure. They would all like to earn your business.

Swim Platforms Inc. is located at:

3220 S. 38th St.

Phoenix, AZ 85040

602-431-8225

To help us serve you better please use our 'Request A Quote' form before you call for a swim platform quote. Our detailed written platform quotes are more descriptive than a verbal quote plus, a written quote is honored for 30 days.
